Specific Pantone Colours are available, which means a true colour representation to your team. Colours are on the outside, whereas the inner is white.

Team crests and the Canterbury logos are printed on the product as part of the sublimation process.

CUT & SEW DYED

Create interest on your team kit through dynamic panel styling and fabric construction. Mesh and non-mesh fabric panels are sewn together and available in over 20 Canterbury standard colours. The fabric is the same colour inside and out.

Team crests and the Canterbury logos are applied by hardwearing embroidery or printed heat transfers.

RUGBY. SINCE 1904.

We are proud to be the world's original rugby brand.

Founded by three friends in New Zealand in 1904 (John Lane, Pringle Walker and Alfred Rudkin), Canterbury started producing uniforms for the ANZAC forces in World War 1, and then kitted out the All Blacks for over 75 years.

From birthing the iconic Invincibles All Blacks kit in 1924, partnering with England Rugby in 2012, and now partnering both the British & Irish Lions and Ireland Rugby, there is no denying Canterbury is entrenched in the history of Rugby Union. This also extends to Rugby League, as long-standing partners of Australia Rugby League, most recently from 2013 - 2022.

A tough and uncompromising approach to manufacturing, a creative approach to design and technology, and over a century of on-field testing means Canterbury is perfectly placed to become an essential part of your rugby team.

We have long understood the need to develop the toughest kit imaginable. Attention to detail, innovation, rigorous on-field testing, and customer and player understanding has allowed us to make the world's most durable kit, loved and trusted by teams from grassroots to elite. A relentless drive to produce jerseys that last has led to some landmark technical innovations; the loop neck, the rubber button and the base layer. We set the market-leading standard for strength and durability, with no international or professional neckline failures since we introduced testing 15 years ago.

Strength, passion, trust and resilience are the pillars on which rugby has been built. They're also proudly ingrained in the Canterbury philosophy. Where tradition meets innovative design – that's when you know it's Canterbury.

THE BRITISH & IRISH LIONS

At Canterbury, we know what it takes to remain at the top, so we pushed the limits of kit design and the technology used to make sure that when The Lions are going through mud, sweat and tears, we're with them all the way.

"I absolutely love the technology and design of Canterbury's Lions jerseys. They exceeded my expectations each tour and proved why their kits are loved across the rugby world."

SAM WARBURTON – 2x British & Irish Lions Captain (2013, 2017)

"Canterbury has supported The British & Irish Lions on both the 2017 New Zealand Tour and 2021 South Africa Tour. The quality of their product range is best-in-class. The squad were proud to pull on the famous red Canterbury jersey, which became the number one selling rugby jersey in the world. Kitting out a touring party of 85 people is an enormous challenge, but Canterbury always rise to the occasion, demonstrating the strength of our partnership on and off the field."

TOM HALSEY – Commercial Director

IRELAND RUGBY FOOTBALL UNION

A top competitor in world rugby, Ireland RFU are proud to boast some of the game's most renowned players. We work closely with them to create an iconic kit featuring a bold 3D logo, that stands out as much as their players do.

"I have worked with Canterbury through 3 Rugby World Cups and over 15 years of Six Nations / Autumn Internationals. It is my role to ensure we have kit that is reliable and here when we need it. Canterbury have been first-class in delivering this for us year-after-year, keeping athletes happy and helping everything run smoothly – be it playing at home or preparing for tournaments on the other side of the world."

GERARD CARMODY – Head of Operations

LEBANESE RUGBY LEAGUE FEDERATION

Rugby League has brought the small nation of Lebanon together, and we have worked with them to provide a kit that they can wear with pride.

"The Canterbury brand is synonymous with excellence and victory, holding an incredible reputation especially within the Rugby Union and Rugby League world. The opportunity to work with Canterbury has been groundbreaking for the small nation of Lebanon. The aesthetic, quality and feel of their playing and training kits are second to none and have been a wonderful addition to our RLWC 2021 campaign."

NAYEF ABI SAID – Chief Executive Officer

RUGBY UNION

"Canterbury are incredibly easy and friendly to deal with, the kit is of the highest quality and the level of customer service has been excellent. It has been a great move for Norwich RFC and the beginning of a strong relationship between Norwich RFC and rugby's number one brand."

NORWICH RUGBY UNION FOOTBALL CLUB

"Our partnership with Canterbury has been great. It was an easy process to choose all our off field kit which then arrived on time and the players and staff are impressed with the quality and fit. Canterbury gave us lots of options with regards to designing our new match shirt. We were able to go with a shirt that we believe really fits with the traditions and history of Leeds Tykes. The lads really look forward to pulling it on to go out to play."

LEEDS TYKES RUGBY UNION FOOTBALL CLUB

"Hawick RFC are delighted with our relationship with Canterbury. Having used various other companies over the years it has been a pleasure to now have the Canterbury brand as part of our club portfolio. From the first meeting to receiving the kit it has been very professional and a pleasure to work with the staff involved with Canterbury. The manufacture of the kit is the key to what makes Canterbury a step well above the rest."

HAWICK RUGBY UNION FOOTBALL CLUB

"London Scottish are delighted to partner up with Canterbury as main kit sponsor to the club. Canterbury have been at the forefront of sporting clothing for many years and we are delighted to be wearing their bespoke London Scottish kit this season."

LONDON SCOTTISH RUGBY UNION FOOTBALL CLUB

RUGBY LEAGUE

"Our partnership with Canterbury has gone from strength-to-strength. As the kit partner of our match officials, Canterbury supplies our match kit and off-field leisure wear range, and is also now partnered with two of our national federations. We look forward to a continued positive relationship!"

EUROPEAN RUGBY LEAGUE

"Our players range from the tots at age 3, all the way through to the seniors. We have had both stock and custom, made to order kit from Canterbury, all of which has been high-quality and most importantly, great value for money. All of our members are proud to wear their Canterbury kit."

GARFORTH TIGERS RUGBY LEAGUE CLUB

RUGBY SEVENS

"UR7s has recently partnered with Canterbury Teamwear to supply all of our kit needs for the National 7s Academy. We strive to achieve high performance in all aspects of life and Canterbury Teamwear aligns with us perfectly. The quality of the technical kit is exemplary and we look forward to continuing our relationship with Canterbury Teamwear in the future."

NEW ZEALAND CRICKET

We have been partners with the New Zealand Black Caps and White Ferns since 2008, the longest standing kit supply partnership in international cricket. The White Ferns won bronze at the Birmingham 2022 Commonwealth Games, and The Black Caps were crowned World Test Champions in 2021. We've packed their kit with technology to ensure that when they step onto the field, they have got the confidence in our gear to perform at their best.

" With Canterbury's roots in New Zealand and over 100 years of making world class kit, we couldn't think of a better partner for the BLACKCAPS and White Ferns."

BRYAN STRONACH - GM High Performance Cricket

DURHAM CRICKET

In 2021 we returned to elite domestic cricket in the UK, with a multi-year partnership with Durham Cricket, providing on-and-off pitch apparel across all formats of the game. This includes its men's and women's teams, junior pathway teams, visually impaired team, coaching staff and ground staff.

" Canterbury have a thorough understanding of what a professional cricket team needs from their training and playing kit - including County Cricket, RL50 and T20 - and the quality of their product range reflects that. We have been pleased to work with them on the testing of new elite products, and we are looking forward to continuing our partnership."

MARCUS NORTH - Director of Cricket

GRASS ROOTS

" The product offering and range that Canterbury provide is exemplar and caters for all the needs of our senior and junior cricket teams, along with our social members. The ordering system is easy to navigate, the pricing levels are competitive, the delivery times are good and we have all been really impressed by the quality."

HORSFORTH HALL PARK CRICKET CLUB

" The initial set up of the club shop and bulk ordering was fantastic, and orders arrive in a prompt manner. Feedback on the quality of kit has been excellent, and it has made us look the part in our 150th anniversary year. For the first time we have been able to offer kit to all of our seniors, juniors and supporters, so we look forward to continuing the relationship for many seasons to come."

UPPINGHAM CRICKET CLUB

" Our first season using Canterbury as our kit supplier has been very successful. The clothing looks good, feels nice to wear and, so far, all items have stood up to a season's use. Whilst not the cheapest, Canterbury products are good value for money. We have only had compliments from our members and that is praise indeed!"

Market Harborough YOUTH NETBALL CLUB

" Market Harborough Youth Netball Club was delighted to welcome Canterbury's team along to one of our sessions. As an inclusive netball club, it was vital for our players to have the opportunity to trial the new netball range and feedback before we committed to a new brand. To say our girls loved it is an understatement! We quickly got to work with new designs with Canterbury's brilliant designers and the rest is history. 200 girls with their design of custom kit, smashing it on court, rocking it off court too. Our club cannot recommend Canterbury's support, quality and value highly enough."

TRAINING & LEISURE - CUT & SEW

For our MTO training and leisure ranges, we have 5 designs that can be applied across all product types, using our standard cut and sew Canterbury colours. What will you create?

↑ Pride

↑ Sequel

↑ Classic

↑ Radium

↑ Legacy

The Legacy chest panel can also be sublimated on the Track Jacket and Midlayers, allowing for custom designs and specific Pantone Colours.

CUT & SEW DYED

Create interest on your team kit through dynamic panel styling and fabric construction. Mesh and non-mesh fabric panels are sewn together and available in over 20 Canterbury standard colours. The fabric is the same colour inside and out.

Team crests and the Canterbury logos are applied by hardwearing embroidery or printed heat transfers.

Contact your teamwear partner for more information, plus additional sublimation options on select products / designs.
